# NoteLocker 12

## NoteLocker 12 as a Floor-standing Solution

**NoteLocker 12 is a modular storage and charging cabinet with 12 separate storage compartments.**

In each compartment a laptop, mobile phone, iPad or any other electronic equipment can be stored while being charged. Each of the lockable compartments is fitted with a power socket. In just 80 x 45 cm of floor space a wide range of laptops can be securely stored and charged.

As standard, NoteLocker is supplied with a rotating handle for a padlock. As an option, you may wish to choose doors in several different colours so that each department is furnished in its own colour.

NoteLocker is designed, manufactured and tested to comply with all relevant provisions in EN 60950-1 Safety of Equipment for Information Technology and BS 6396 - Electrical Systems in Furniture and Equipment in Educational Environments.

### Specifications
